Please note: those who registered only for the Care and Prevention segment will only have access to that.

Those who registered for the Theory of Coaching will have access to that.

The Theory of Coaching segment requires students to complete 14 assessments. As you complete each assessment a certificate will be available for download with all of your completed assessments noted. You will need to provide this to the PTSB after you've completed all assessments. You can see your assessments below.

Click the Clinic Class below to access information:

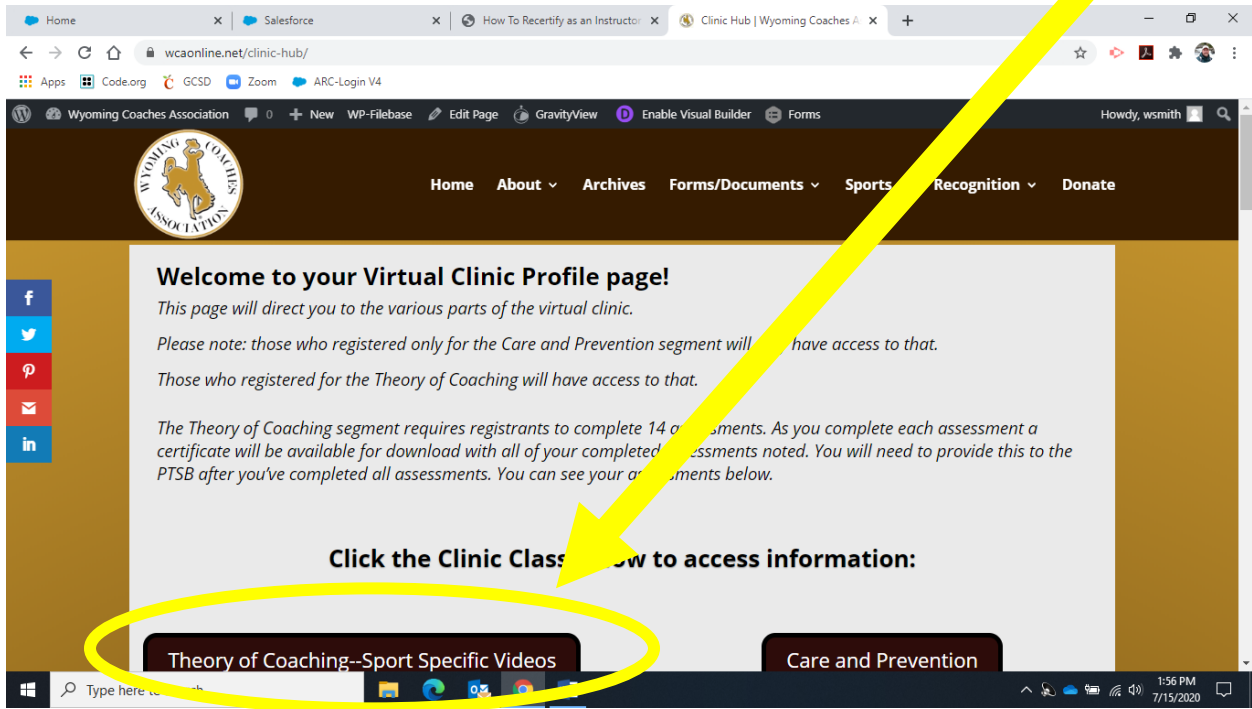

Theory of Coaching - Sport Specific Videos

Care and Prevention

PTSB Credit

UW Credit

Now you're ready to "Attend" the clinic. Click the "Theory of Coaching – Sport Specific Videos".

Scroll down the page until you see the "Clinic Schedule". Click the button for whichever area you'd like information. The General Sessions are for coaches of all disciplines. Leadership sessions are for AD's. The other sessions are sport specific. You will need to watch and answer "Exit Questions" to 14 videos. You will receive a certificate/voucher upon completion of your 14 videos. You will need to submit a copy of that to PTSB to verify completion of your coursework if you want PTSB credit. For UW credit there are additional requirements. Make sure you follow all requirements and timelines. If you are seeking an endorsement to coach this year you will want to complete the 14 sessions as soon as you can. If you are currently coaching and are just seeking PTSB credit you will have until March to complete all coursework. However, you will not receive any PTSB credit until you complete the PTSB form (#5 above) AND submit your completion Certificate/Receipt (after the 14 videos/exit questions.
