I would like to thank my wife and our wonderful family for their support through the thirty-eight years as a teacher-coach.

I was lucky to have wonderful coaching partners. Maron Davis, the best line coach I have ever known, Tim Brooks great expertise in sports in general, and Cody Nicholls a great coach in football.

I also would like to thank my son Cody and his wife for helping get this together.

For my years of coaching I felt we had really great students to work with. It all starts there.

I feel it is our responsibility, as Junior High coaches, to introduce the teachings and philosophies of our High School.

You can't teach enough fundamentals. Be strong there.

Students should exhibit good citizenship, good sportsmanship, and meet the challenge of succeeding a stringent eligibility system.
