

Dave Burrill
Torrington

Dave graduated from Colorado State University in spring of 1975. He began his “on-the-job training” at Plainview School in Sheridan Lake, Colorado in fall of 1976, assisting and head coaching basketball, track and baseball. In the fall of 1978, Dave had the good fortune to secure a teaching and coaching position at LaGrange School in LaGrange, WY. While in LaGrange, he coached volleyball, basketball, and track at the junior high and high school levels.

In 1992, LaGrange high school closed, and Dave transferred to Torrington Middle School. At TMS he has served as assistant coach for volleyball, football, and boys and girls basketball; he served six years as head boys track coach, 3 years as head 8th grade girls basketball coach, and continues to serve as head 8th grade boys basketball coach and assistant 8th grade girls coach.

Dave states that every group of young people with whom he has worked have been special. From teams that failed to win a game, to a team that went undefeated, each group grew in skills and in character over the course of the season. “As a teacher and coach, I have never had a day of drudgery at work in my life. I am most thankful to my Creator for the opportunity to have been able to contact so many young people, and have a role in their development as athletes and people.”

Psalms 37:5
